## PROFILE

I'm a MCA student with a strong academic record and extracurricular achievements. I'm passionate about innovative technology solutions. My goal is to utilize my skills to drive positive impact. I'm committed to delivering results and exceeding expectations. I'm excited to contribute to the tech industry's growth and evolution.

## EDUCATION

Master of Computer Application Santhigiri College, Vazhithala, Idukki (MGU)	2024 – 2026 (Pursuing)
Bachelor of Computer Applications Mangalam MC Vargheese College, Ettumanoor (MGU) CGPA: 6.1	July 2020-March 2023

## ACADEMIC PROJECTS

### PWD Management System (Python)

- The PWD Management System is a Python-based application designed to automate core functions of the Public Works Department. It handles project tracking, contractor management, and public complaints efficiently. By reducing manual tasks and improving transparency, the system ensures faster execution of infrastructure projects and better public service delivery.

### Complaint Management System (PHP, MySQL)

- This PHP-based Complaint Management System allows citizens to register municipal issues online. It streamlines complaint tracking, speeds up resolution, and improves communication between the public and municipal departments for better service delivery.

### Rhythm(Flutter)

- The Music Player App is a Flutter-based mobile application designed to provide a smooth and responsive audio playback experience. It supports key features such as play, pause, skip, playlist creation, and background play. With an intuitive user interface and fast performance across platforms, the app offers users a simple and enjoyable way to manage and enjoy their music.
